

LEHIGH
UNIVERSITY

LEHIGH 101

Built for Tomorrow

At Lehigh, we believe that with every challenge comes opportunity. Together we can tackle some of the biggest issues facing our planet—bettering ourselves, and the world, on the way. As one of the nation's most distinguished private research universities, we are built to offer a unique undergraduate experience marked by abundant opportunities and resources, and the support you'll need to accomplish whatever you set out to do. Here, you'll join a dynamic and collaborative community that will push you to be your best both in and out of the classroom.

► An architecture student presents a project in Building C on Lehigh's Mountaintop Campus, an innovative space that allows for creativity, collaboration and experiential learning.

A photograph of three undergraduate students in a laboratory setting. A female student in the foreground is writing in a notebook. Behind her, two other students, a male and a female, are examining small plants in a tray. They are all wearing white lab coats and clear plastic safety goggles. In the background, there are wooden cabinets filled with glassware and a chalkboard. A circular overlay on the left contains the text '250 study abroad programs in 74 countries'. A circular overlay on the right contains the text '93% of Lehigh undergraduate students participate in an extracurricular activity'. A third circular overlay at the bottom right contains the text '5,203 undergraduate students'.

Uniquely Lehigh Opportunities

Lehigh provides a world-class experience that develops students who are built to creatively solve problems, collaborate on all levels and make an impact on humanity. Here you'll find everything you'd expect of a renowned university—rigorous academic programs, hands-on experiences and innovative research—and much more than that.

A wide range of unique-to-Lehigh opportunities will prepare you to tackle the challenges of today, and tomorrow. .

Iacocca International Internship Program

The Iacocca International Internship Program provides fully funded work and research opportunities overseas in the summer. With options in roughly 30 countries, you'll find a wide variety of hands-on international experiences for students in most majors, including a combination of academic and professional work, research, or group projects.

FACULTY MENTORSHIP

Lehigh's esteemed faculty work within and across a variety of disciplines to tackle some of society's greatest challenges through their research and teaching. You'll encounter dedicated professors who serve as mentors, encouraging curiosity and collaborating with students in a dynamic research environment.

lehigh.edu/academics

As the singular academic partner of Nasdaq, Lehigh has collaborated on the Lehigh@NasdaqCenter in San Francisco to foster the next generation of innovators through opportunities that educate, connect and inspire students and entrepreneurs around the world. The Center provides a powerful ecosystem of academic, nonprofit and industry partners focused on creating societal impact.

Intercollegiate Interdisciplinary Programs

Lehigh's intercollegiate interdisciplinary programs, Computer Science and Business Program (CSB), Integrated Degree in Engineering, Arts and Sciences (IDEAS) and Integrated Business and Engineering Honors Program (IBE), teach students to fuse thinking from across colleges to solve problems and succeed in real-world environments.

United Nations Partnership

Lehigh just the sixth university in the world to have official recognition as a non-governmental organization (NGO) by the United Nations. This NGO status means you'll have the opportunity to attend UN conferences and private briefings, intern with UN NGO offices worldwide, serve as a youth delegate and host ambassadors and UN delegates on campus. More than 180 Lehigh University students have served as UN Youth Representatives.

CREATIVE INQUIRY

Creative inquiry at Lehigh invites you to pursue new academic, creative and artistic pathways that lead to transformative new innovations, expressions and questions. The Mountaintop Summer Experience, a student-driven program to propel projects toward making a tangible impact, is just one of the creative inquiry opportunities you'll find on campus.

A Dynamic Community

Discovery, challenge and growth aren't limited to the classroom and lab. **The Lehigh community is diverse and inclusive**, and our students are involved, accomplished and full of school spirit. From clubs and activities to campus-wide events and our college town of South Bethlehem, you'll find plenty of opportunities to discover things about yourself and the world around you.

Fast Facts

Apply

We seek students who are eager to learn, consistently work hard, and desire to make a positive impact in their communities and the world. As a result, some factors we consider when reviewing an application include the student's character, curriculum, grades, personal background and how they spend their time outside of the classroom.

Lehigh will be test optional for the 2021-2022 and 2022-23 academic years. For required documents and deadlines for admission, visit lehigh.edu/admissions.
